

The Eastern North Carolina Rose Society invites the public to

LEARN ABOUT PRUNING ROSES

Saturday, March 5 -10:00 a.m.

Demo & Hands-On

at

**Craven County Cooperative Extension
300 Industrial Drive, New Bern**

(Rt. 70 W, exit 409, Clarks, turn right, then right onto Industrial Drive)

Learn how and why to prune roses as demonstrated by our experienced Consulting Rosarians, **Ken Schmidt** and **Ed Easter**. These fellows will show how easy it is to get your roses in shape for spring blooms.

We'll then proceed out to the rose garden and get some hands-on experience. We need many hands to prune the 250+ roses in the garden. You will need pruners, gloves, waste buckets and kneeling pads. Optional are long handled loppers and a small saw.

Don't keep this fun event to yourself – **bring along a friend to participate.**

Coffee and packaged refreshments will be provided all morning.

NOTE: In case of rain, the demo will still be held, but the garden pruning will be on Saturday, March 12, at 9:00 am.
